

LinkedIn Questions

Format: Font: Verdana 12

Length: 20 – 40 words for each question

1. Which companies/persons do you follow/connect? Why? Explain with reasons
_ I followed Akara Sok because she is a Human resource in one of the IT companies in Cambodia which is named Infinity Information & App Dev Co., Ltd
2. Have you joined any groups?
If yes, what group did you join? What have you learnt from joining those groups?
If No, why not?
_ Yes, I do. I joined the group named Python Web Developers. And what I have learned from joining this group is I have learned how to write Python code such as Python code syntax and some of the processes of writing code.
3. How can you find free courses on LinkedIn?
_ I joined some free course groups on LinkedIn to find free course groups that I want to learn to improve my skills.
4. Name the courses you are interested in with reason
_ The course that I in interested in is Master Lambda Function with map() functions, and the reason is because Map in Python is a function that works as an iterator to return a result after applying a function to every item of an iterable. It is really helpful when you want to apply a single transformation function to all the iterable elements
